Maintain
healthy bone
for our puppy

Using Korean Astaxanthin Duck

Deboned Korean Astaxanthin Duck has strong antioxidant that is able to reduce stress on body, reduce eyestrain, strengthen immune system and improve blood circulation.

Ungrated Organic Whole Grains

Embryo is not removed from the whole grains, as it is the major source to a large quantity of essential minerals and quality fibres. Due to the husk retained in the whole grain, the pellet surface may appear to be rough.

Excellent Digestive Absorption and Strengthen Immune System

Specially processed raw materials can maximise digestive absorption and comfort agitated intestine of puppies with weak digestive system while Saponin from ginseng may help to strengthen immune system too.

Prebiotics + Probiotics

Prebiotics (Chitosan Oligosaccharide) is food for healthy bacteria in the digestive tract while probiotics helps to maintain healthy immune system through improved gastrointestinal functions.

USDA & ECOCERT Recognised Organic

"Please check out organic certificate on Natural Core homepage"

REGISTRATION NO. 19040KR
NOP Organic Certified by ECOCERT SA

Benefits of Organic Ingredients

01 Organic sources, especially natural antioxidants
– Polyphenols can help to protect cells from diseases and ageing.

02

Strictly does not contain antibiotics, pesticides, hormones, chemical preservatives, artificial colourings and many more to minimise atopic dermatitis and allergies for healthier, shinier skin and hair.

Healthy Ingredients

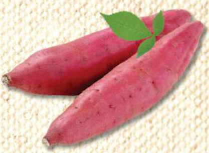
All ingredients used in Natural Core products are selected based on organic standard for the best taste and the healthiest dietary choices for pets.
Most of the nutrient supply comes from original organic sources to make pets healthier.

Korean Astaxanthin Duck

Contains strong antioxidant that is able to reduce stress on body, reduce eyestrain, strengthen immune system and improve blood circulation.

Organic Spinach

Spinach is rich in Vitamin A that is good for eyesight and an excellent antioxidant for anti-ageing.



Organic Sweet Potato

Sweet potato is rich in good quality of dietary fibre for healthier intestines and improved digestive system. It has Flavonoids, which is excellent in preventing ageing skin as well as Beta-carotene as another source of antioxidants.

Organic Whole Grain

Grain contains a large amount of minerals and good quality fibres.

- Oat helps to prevent constipation and alleviate skin inflammation.
- Brown rice can help to discharge waste and to maintain healthy fur.
- Barley is capable to improve digestive functions and discharge harmful sources like such as radioactive and heavy metal, away from the body.
